### **MISSION STATEMENT**

To give each project 100% of my efforts 100% of the time. Plain and simple.

---

### **PROFESSIONAL EXPERIENCE**

#### **Davis Video Productions – Missoula, Montana 2006 - Present**

Owner/operator of a Final Cut Pro edit facility specializing in outdoor television and reality based programming. One of my strongest skills is being able to create a show from supplied footage with little or no direction from the client.

#### **Barrett Productions – Missoula, Montana 1997 - 2006**

For nine years I served as the Post Production manager and senior editor. During those nine years I over saw a 24 hour a day, 7 day a week post operation, bring over 10 series and numerous specials to ESPN, TNN, and the Versus network. I also served as a field producer, director, and cameraman.

#### **Production West – Billings, Montana 1989 - 1997**

While staffed at Production West the hats were many. Producer, Director, Cinematographer, Editor, Grip, Lighting Tech, simply put you need to be skilled in all aspects of video production. We were a company that traveled the US and the world producing network television programming, industrial safety/training videos, regional and local commercials, and countless video for private corporations and small businesses.

#### **KTGF-TV16 – Great Falls, Montana 1986 - 1989**

KTGF was a start up NBC affiliate. We specialized in high-end local television production. A person has to start somewhere and KTGF was a great training ground to launch my 20 plus years in television.

---

### **EDUCATION**

#### **Montana State University 1986**

Bachelor of Science in Television and Film Production.

---

### **SKILLS**

I pride myself in being able to take raw video and crafting the frames into network television. Proficient with Final Cut Pro and AVID editing systems. I can also pick up a video camera and shoot some darn good TV when needed.

---
